Enjoy that special café experience in your own kitchen. Neff makes this luxury possible with the built-in Coffee Centre.

Espresso, latte or cappuccino at the push of a button. Your coffee is ready in just 30 seconds. The 'My Coffee' function even lets you set and store your preferred ratio of milk and coffee. With its high brewing temperature and stable pressure, the Coffee Centre extracts every bit of aroma from the bean. Each cup has a golden 'crema' and consistent full-bodied taste.

Coordinate with the versatile Neff warming drawer – not only does it warm plates but it is ideal for keeping food warm, defrosting delicate foods, making yoghurt and more.
