Save \$600 (RRP \$2,999)

90cm Induction cooktop

T44T90N0 \$3,399*
Save \$600 (RRP \$3,999)

Induction cooktops operate quickly and accurately. They save energy and are very safe as there is little residual heat once the pan is removed from the hob.

Each of the Neff induction cooktops features the unique Tip & Twist control. The TwistPad control is a removable magnetic control dial. It's simple to use and dial is ergonomically designed to make the 'twist' motion effortless. Tip & Twist keeps your cooktop neat and uncluttered because it is centrally controlled. And as for safety you can't activate the cooktop without the dial.

If you want a style that is as aesthetically pleasing as it's uncompromisingly modern, a Neff induction cooktop is undoubtedly the cooktop for you.
